FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 1	Preparedness Level 1	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 1	Multi-Agency Coordination System MACS Mode: 1

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Thomas, Vegetation Fire, Ventura and Santa Barbara Counties

Activations

- Santa Barbara County EOC is activated at Level 2 from 0700-1900 hours, Duty Officer status from 1900-0700 hours.

Deployments

- 5 Public Safety Communications Technicians (PSCTs) are assigned

FMAG

- On 12/05/17 the FMAG was approved by FEMA, FEMA 5224-FM-CA.
- On 12/07/17 the request to add Santa Barbara to the FMAG as a Contiguous County was approved.

MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

Major Road Closures		
Northern California	Central California	Southern California
No Lifeline Route Closures	No Lifeline Route Closures	No Lifeline Route Closures

Lifeline Routes

- There are no lifeline route closures.

Non-Lifeline Routes:

- There are no non-lifeline route closures.

Wildfire Closures:

- There are no wildfire route closures.

Emergency Center Activations:

- There are no Emergency Center activations at this time.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

***** Change to wetter pattern early next week *****

High pressure will produce dry and mild weather throughout the region until this afternoon. By this evening the high will weaken and move south as a winter weather system moves through the Pacific NW. The tail end of the cold front associated with the system will move into the far northern end of the region this evening and produce scattered light rain and mountain snow showers north of a line from Cape Mendocino to Alturas through Saturday afternoon. SW-W winds will gust to 30-40 mph in far northern and northeastern portions of the region tonight and Saturday, and to 50-60 in the most wind-prone mountain locations.

Computer models are now showing an offshore low pressure area becoming the main influence on the region's weather beginning Monday. The low will push warm moist air into the region from the SW, producing isolated to scattered mountain showers and occasional SE-SW breezes beginning Monday night. The rain and high elevation snow will increase in coverage and intensity beginning Wednesday.

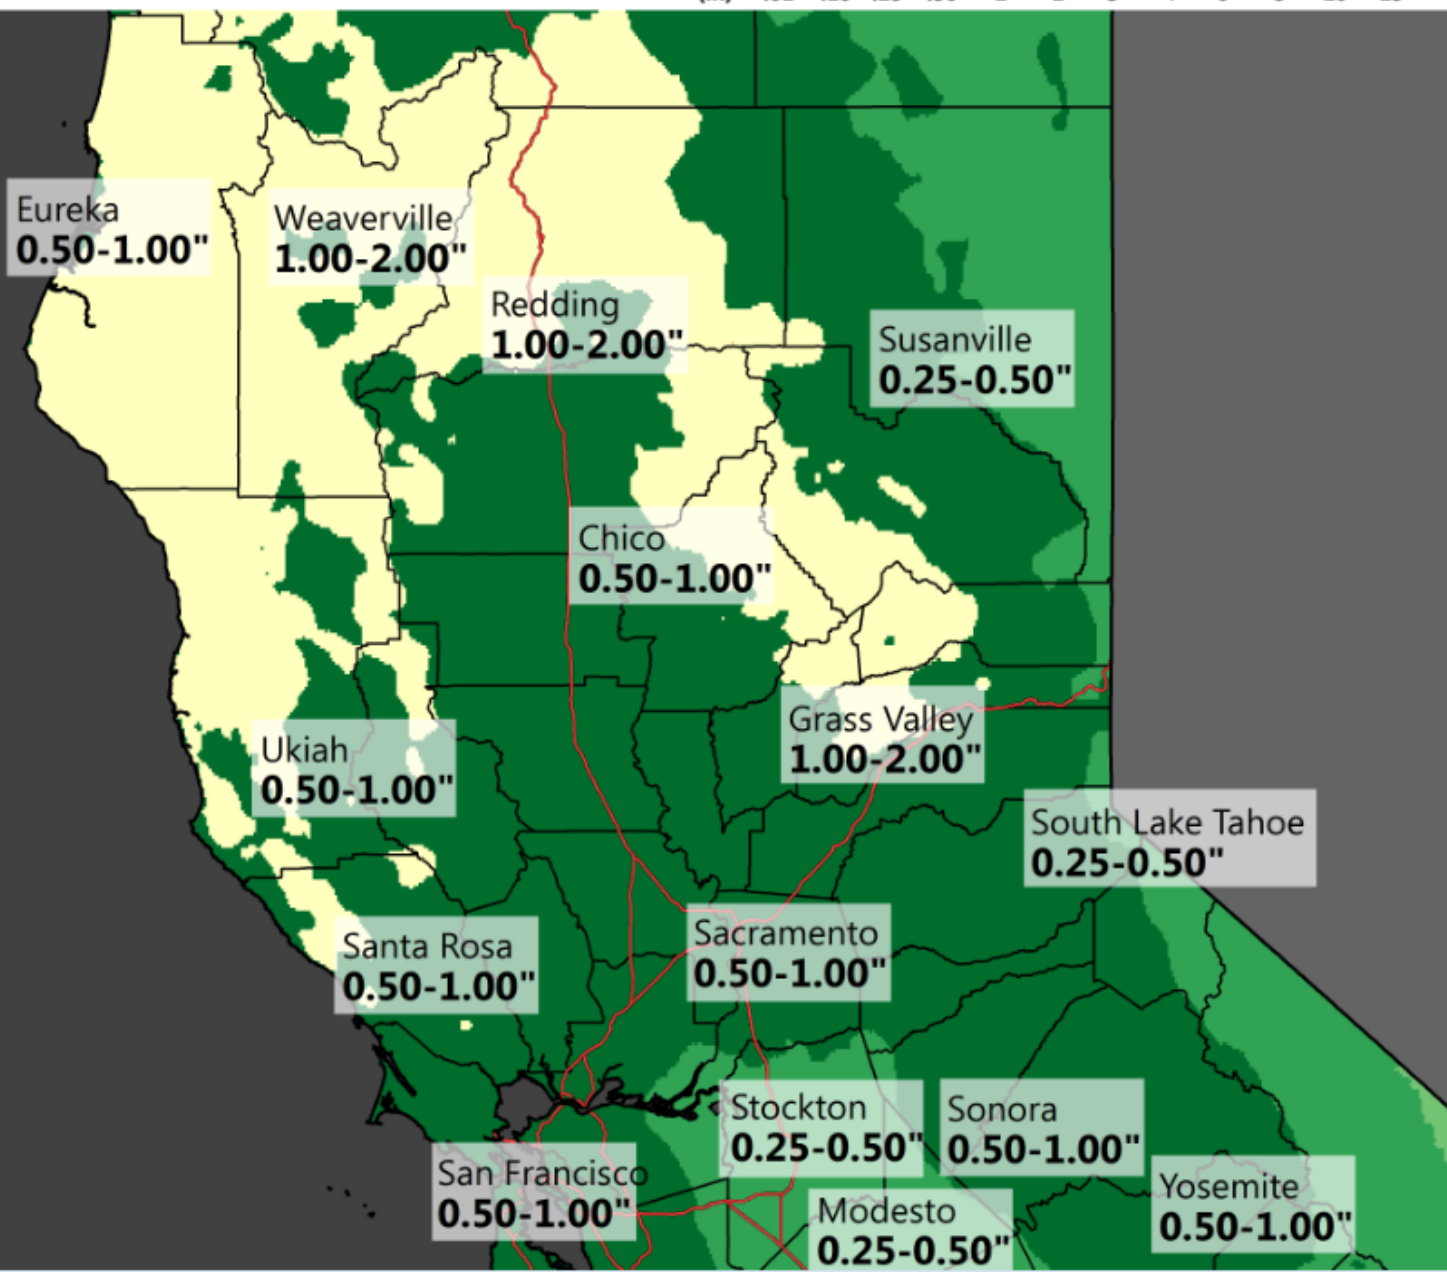

SOUTHERN CALIFORNIA

Light offshore flow of 10-20 mph will continue over portions of Southern California before winds weaken before noon. Otherwise, expect light winds, sunny skies and near record high temperatures today. Expect highs to reach the 50s in the mountains to the mid 80s across lower elevations of Southern California. Minimum relative humidity (RH) will drop into the 8-12% range over many areas away from the coast during the afternoon. But light winds and mostly clear skies should allow good recovery tonight. Over the weekend, expect a cooling trend as light onshore flow develops. There will be a very noticeable increase in high clouds which will also lead to cooler afternoon temperatures into early next week. By New Year's Day, temperatures will be only slightly above normal with highs in the 60s and lower 70s across lower elevations. Minimum RH will continue to be very low for 6-8 hours each afternoon into early next week. A weak low may draw some subtropical moisture into the area later next week. This may allow for a few light showers to develop Wednesday into Thursday morning. Any resultant rainfall looks to be very light and snow levels would be very high. Look for skies to remain cloudy heading into the following weekend. No significant offshore winds are expected the next 7-10 days.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- Nothing to report

Cal OES MISSION TASKING

Cal OES Missions

- **2017-Cal OES-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene).
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County.
- **2017-SOC-44022:** Two E-BAM (air monitors) from Air Resources Board/Office of Emergency Response to monitor smoke from the Thomas Fires. Location one: Olga Reed Elementary School (480 Centennial St., Los Alamos); Location two: Carpinteria City Hall (5775 Carpinteria Ave., Carpinteria) (On Scene).
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene).

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
